180m

171m

69m

64m

Red is a bit shorter, and there are stairs on the green route, so red is likely much faster.

127m

There isn't much choice on this one, key is to find the most fluent route through the narrow streets.

111m

112m

Routes are similar in length, but green route is more straightforward and without any stairs, thus faster.

174m

174m

No difference in routes here, speed matters!
